## Are Your Kidney's Weak?

THOUSANDS OF MEN AND WOMEN UNWELL THROUGH KIDNEYS FAILING TO PROPERLY FILTER THEIR BLOOD

Backache, Rheumatism, Sciatica, Nervous Disorders, Dropsy and Bright's Disease are Caused by Kidneys Not Acting Aright.

Y/EAK Kidneys are the common heritage of thousands of Americans.

They are the cause of the housewife's backache pains when she rises from the scrubbing board, and the cause of the husband's Rheumatic agony when he bends down to his work.

They are also the cause, when those early symptoms are neglected, which leads to permanent Kidney Disablement, Dropsy and Bright's Disease.

Yet few people take the trouble to look after their kidneys. They busy themselves in relieving the Rheumatism and allaying the backache pains, when all the while the kidneys are struggling at their task, getting weaker and weaker and becoming hopelessly incapable of purifying the blood as they should.

Reader, see that you do not make the same mistake.

If you are using drugs or liniments for Rheumatism, Lumbago, Blood Disorders or Nervous Ailments, STOP at once! It is your kidneys that need help.

### THE HELP YOU NEED

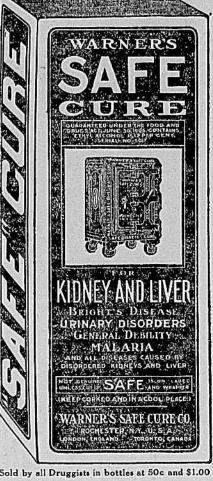

Exactly the kind of help they need can be supplied Warner's "Safe" Cure, which is the only true and reiable specific for deranged kidneys. It does not do the kidney's work (nothing can do that), but it strengthens and puts new vigor into them, so that they can perform their duties just as nature intended. By thus building up and strengthening their power, Warner's "Safe' Cure enables the kidneys to properly purify the blood, and thus rid the whole system of the poisons which are the root of disease. root of disease.

To this marvelous power must be credited the stupendous success which Warner's "Safe" Cure has attained in banishing Rheumatism, Sciatica, Dropsy, Stone

and kindred diseases from hundreds of people's lives. But remember, backache is the first symptom of kidney weakness-the sign that warns you of encroaching disease.

Make your kidneys healthy and strong by taking Sold by all Druggists in bottles at 50c and \$1.00

### FOR FARM IMPROVEMENT

Government Is Spending \$18,000,000

Government Is Spending \$18,000,000

Exact Year.

WASHINGTON, Nov. 13.—Secretary Wilson has issued a statement pointing out that the United States government is spending in the neighborhood of \$18,000,000 a year on experimental work in increasing the yield and efficiency of the farms of the country.

The statement was inspired by the charge made by William C. Brown, president of the New York Contral lines, at a dinner in New York this week that the nation could better afford to invest the cost of one battleship in agricultural experiment work than to spend it in the increase of the navy.

A battleship costs approximately \$9,000,-00. Secretary Wilson declares, that the government is expending each year exactly twice as much as two first-class battleships cost and the money is being used in precisely the manner recommended by President Brown.

Wednesday ovening, the pastor, Rov. W. C.
White, officiating. They will make their
future borne in Churchyille.

Members of Conference Have Spirited Discussion on Subject.

SMALL SALARIES THE CAUSE

Report Recommending State Wide Prohibition Will Be Adopted.

[Special to The Times-Dispatch.]
NEWPORT NEWS, VA., November
13.—When only two new ministers
sought admission into the Methodist
Conference of Virginia to-day, a spirited discussion was provoken. Dr. R.
M. Chandler, presiding elder of the
Norfolk District, expressed the opinion that the laity is to blame for the
dearth of new ministers, declaring
that a preacher whose hair shows a
touch of gray is discounted by the
people, and the bishops wink at the
proceedings.

Dr. W. A. Christian, presiding elder
of the Richmond District, took Dr.
Chandler sharply to task, saying that
the remarks were in bad taste and a
reflection upon both the laity and the
bishop.

reflection upon both the latty and the bishop.

During the discussion several prominent members said that the inadequate salaries paid ministers of the gospel caused young men to keep out of the ministry. One declared that his own son wanted to become a preacher, but had decided to follow another profession because he feared that he could not make a living in the pulpit. It was said that the average salary of a Methodist preacher is only \$400 a year, an amount too small to support a family. The Methodists, it was said are not alone in this.

A considerable part of this morning's session was taken up by this discussion, and it was necessary for the conference to meet again this afternoon.

The election of delegates to the Gen-

aoon.

The election of delegates to the Gen-ral Conference was completed, the full list being as follows: Clerical—B, F. Lipscomb, James Can-non, Jr., W. J. Young, W. A. Christian, R. H. Bennett, J. C. Reed, E. H. Raw-lines.

R. H. Bennett, J. C. Reed, E. H. Rawlings.

Laymen—John P. Branch, Richmond; W. W. Vicar, Norfolk; H. E. Barrow, Farmwille; T. J. Barham, Newport News; W. C. Ivy, Lynchburg; Frank Talbott, Danville; W. H. Vincent, Southampton.

C. H. Smith, of Richmond, was elected to elder's orders. The temperance question was discussed generally outside of the conference to-day. This matter has been made a special order for 8 oclock Monday night, at which time the committee will submit its report. There seems to be no doubt that the report, recommending a Statewide, prohibition campaign, will be adopted without much opposition.

The pulpits of the churches in this city and many of those in Norfolk, Richmond and other cities nearby will be occupied by conference delegates to-morrow.

Mutual Telephone Company Absorbs
Page Valley Concern.

[Special to The Times-Dispatch.]
LURAY. VA. November 12.—The
Mutual Telephone Company, of this
county, owned by a number of wealthy
farmers, to-day absorbed the Page Valjey Telephone Company of this county,
which was the first company ever organized in the Valley of Virginia, and
has been doing business about ten
years. The Mutual Company has for
years maintained a switchboard seryelec just on the outskirts of Luray,
for some reason being unable to secure
a franchise to enter the corporate limlits. At a recent election in this place
a majority of the Council favored
granting a franchise to the Mutual
concern, and this sale to-day is the
result of the franchise having been
secured. The price paid was 37,200.
The system will include thousands of
miles of wire, and will reach every
town of importance in Northern Virginia.

Finding of Body of Deranged Man

Shows Deliberate Suleide.

[Special to The Times-Dispatch.]

GORDONSVILLE, VA., November 13.

—Near Meltons, on Wednesday afternoon, Paul Yancey, who was mentally unbalanced, shot and instantly killed himself with a shotgun.

Mr. Yancey left home early that day for a bird hunt, and upon his not returning that night, friends and relatives went in search of him. The search proved unsuccessful in the darkness, and was continued Thursday morning, when his body was found lying in a deep hole of muddy water. He had evidently planned the attempt at self-destruction carefully, as he stood just above the water and with both barrels of the gun sprung and pointing directly at his head, took a forked stick and pressed the trigger. Only one shell exploded, tearing away the upper part of his face and head, scattering his brains several feet from the body and the body liself falling into the water. In his pocket was also found a quantity of ground glass.

Mr. Yancey's body was taken to his old home at Wilmington, Fluvanna county, Friday, and interred in the family burying-ground.
